

KICK OFF ARCANE 3

PROGRAM

January 27, 2026

OPENING & INTRODUCTION

Yassine Lakhnech

09:00 am

ARCANE 3 PRESENTATION

Carole Duboc

09:10 am

BIO-INSPIRED AXIS

Introduction by Jérôme Chauvin & Alan Le Goff

Highlights by Christine Cavazza & Caroline Marchi-Delapierre

10:00 am

Coffee break

10:50 am

BIO-TARGETED AXIS

Introduction by Thomas Lavergne & Olivier Sénèque

Highlights by Sébastien Fort & Benjamin Boucherle

11:10 am

Lunch Break

12:00 pm

EMERGENCE CORE

Introduction by Sabine Hediger & Anne Milet

Highlights by Yanxia Hou-Broutin & Guillaume Nonglaton

13:00 pm

"FLASH" PRESENTATIONS *by new Arcane members*

13:50 pm

Stéphane Belin (GIN) "Translation regulation in normal and pathological conditions"

Ahcène Boumendjel (LRB) "Bioinspired drug candidates targeting ferroptosis and infections"

Xavier Cattoen (Institut Néel) "Molecular chemistry at the Néel Institute: From molecules to nanomaterials"

Bénédicte Elena-Herrmann (IAB) "Complex mixtures decoded by NMR: from metabolomics to drug delivery systems"

Xavier Le Guével (IAB) "Atomically Precise Metal Nanoclusters in Oncology"

Lauréline Lecarme (LEPMI) "Coordination complexes for energy"

Isabelle Marty (GIN) "Therapeutic development for myopathies"

Homaira Nawabi (GIN) "From development to repair"

Yvain Nicolet (IBS) "Introducing the IBS Metalloproteins Unit"

Andrès Palencia (IAB) "Targeting Protein-RNA Complexes for the Development of Novel Therapeutics"

Cyrille Train (LNCMI)

CALLS FOR PROJECTS & CONCLUSION

15:30 pm

Carole Duboc

Coffee Break & Networking

16:00 pm

Amphithéâtre Est de Chimie

Bâtiment A, 421 rue de la Chimie,
Saint Martin d'Hères
